Training Announcement!

An Outline!

The Executive Development Programs for engineers are comprehensive training programs carefully designed for non-financial executives, particularly, with an engineering background. These courses are ideal for you if you are a manager/decision-maker as they are helpful to acquire a strong foundation and understanding on key financial statements and numbers. In addition, you are most welcome to be part of the training program on leadership areas as they are helpful to face the competitive and volatile global landscape, today.

Who should attend?

This training is recommended for

- ❖ Chief Engineers
- ❖ Directors/Senior Executives/General Managers
- ❖ Heads of Divisions/Decision-makers
- ❖ Heads of all Engineering Divisions
- ❖ Process/Project Engineers
- ❖ Chemical Engineers
- ❖ Environmental Engineers
- ❖ Petroleum Engineers
- ❖ Civil, Mechanical, Electrical & Electronic Engineers
- ❖ Computer & Software Engineers

Choose your topic!
